PETITION FOR RECONSIDERATION
OF
PETITION FOR REINSTATEMENT OF PATENT EXPIRED UNINTENTIONALLY
UNDER 37 CFR 1.378(b)

Attn: Office of Petitions
Honorable Commissioner of
Patents and Trademarks
Box DAC
Washington, D.C. 20231

Registrant respectfully submits the instant Petition for Reconsideration of the Decision dated April 20, 2011 denying Registrant's Petition for Reinstatement of Patent.

A \$400 Petition fee is herein submitted

In response to the Denial of the Petition for Reinstatement, Registrant respectfully submits the following:

1. Regarding the May 27, 2004 Maintenance Fee Transmittal

Registrant has herein submitted a copy of the original Credit Card Payment Form PTO-2038 submitted as one of the 5 pages of the May 27, 2004 facsimile transmittal. As noted, a \$455 (first) maintenance fee payment was authorized, along with a \$65 grace period fee. Registrant respectfully points out that according to the PTO records, only \$515 of the \$520 was

refunded for this attempted transaction (over seven months after the payment of the fee along with the filing of the original petition to revive on May 25, 2005).

The other two pages of the subject facsimile were the Certificate of Facsimile and Credit Card Payment Form for the first maintenance fee and grace period fee for Patent No. 6,152,198 (hence the Subject "Maintenance Fee Payments" – plural on the facsimile cover sheet for the 5/27/2004 facsimile).

2. Regarding establishing non-receipt of the Decision mailed June 30, 2004

The undersigned did not receive the Decision denying Registrant's Petition filed May 25, 2005, and submits the following evidence:

- a. The docketing system employed by Registrant's attorney was the same computerized system in 2005 as it was in 2000, and continues to be today. Only normal software updates have been made to avoid technical obsolescence.
- b. A copy of the docket report run for the subject patent case was run on December 7, 2000, soon after issuance of the subject Patent. As evidenced by said "Case Update Verification Report," all of the pertinent bibliographical information is contained within the docketing system, and the upcoming maintenance fee payment deadlines are properly docketed.
- c. A copy of the docket report run for the subject patent case run today, June 20, 2011.
- d. A copy of the Firm's master docket report for the period June 1, 2005 – September 30, 2005.

3. Regarding Fees

Registrant has herein included a credit card charge form for \$3770 as calculated:

\$400 – Petition Fee for the instant Petition;
\$490 – 3.5 year maintenance fee
\$1240 – 7.5 year maintenance fee
\$1640 - Surcharge for Unintentional Delay
\$3770 – Total Fees

APPLICANT HEREBY PETITIONS FOR REINSTATEMENT OF THIS PATENT

Statement. The entire delay in filing the instant petition was unintentional. As to the first Maintenance Fee, it was paid on time by the undersigned, and was immediately petitioned to correct upon notice that it had not been received. No reply to that petition was filed. As to the non-payment of the second maintenance fee, the Patent Owner is not in possession of records to demonstrate why this fee was not paid. Apparently since the First Maintenance Fee was not received (and apparently the Petition was not approved), no Statement was transmitted by the USPTO regarding the Second Maintenance Fee. Furthermore, no notice of non-payment of the Second Maintenance Fee was received by Patent Owner or the undersigned.

The undersigned has the final Maintenance Fee docketed in its docketing system for payment not later than 5/21/2012.
